

COMMERCIAL DOOR CLOSERS

Brinks Commercial
Proven quality hardware
from one of the most
trusted names in security.

The all-in-one heavy duty
commercial closers finishes:

Aluminum
BC4061

Bronze
BC4062

Featuring The “All-In-One” Heavy Duty Commercial Door Closer With Our Patented Universal Mounting Plate

The Universal Mounting Plate

Brinks Commercial offers a closer for any commercial door, but our patented universal mounting plate sets us apart in closer technology. The universal mounting plate has pre-drilled holes that match the hole pattern of most closers in the market. With this mounting plate, you can replace your broken closer without drilling new holes in your expensive fire-rated door.

Heavy Duty Commercial Closer

Regulate door traffic, close doors automatically, eliminate slamming while adding security and safety.

- Adjustable closing and latching speed
- Adjustable backcheck prevents wind damage
- Fits right or left hinged doors
- Standard, top jamb, or parallel mount
