

Heavy Duty All-In-One Door Closer

OPENING RANGE

3 HOUR FIRE RATED

Included Patented Universal Mounting Plate

Allows for easy replacement of most broken or defective closers in the market (Corbin Russwin, LCN, Norton, TELL, and more!)

Save time and your door's fire rating by replacing a broken closer without drilling new holes!

Pros prefer universal mounting options that simplify installation and save money. The All-In-One Closer saves 40-60% over the competition and is perfect for:

- Maintenance and Repair Organizations
- Commercial
- Multifamily
- Government
- Medical Facilities
- Churches and Community Centers
- Small Business Owners

(U.S. Pat. No. 7,698,796)

Pre-drilled holes match hole patterns of most closers in the market!

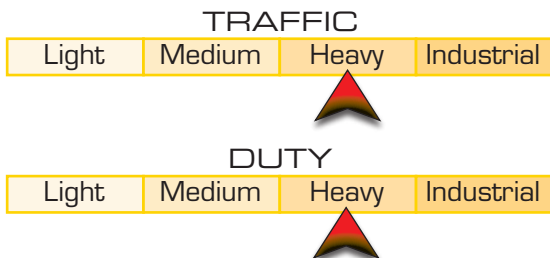

Scan to see how it works!
