

Keypad Entry Lever

Keyless Entry For Your Property

Keep track of fewer keys and maintain your peace of mind with the Keypad Entry Lever by Brinks Commercial

This keypad entry lever is designed to reduce the number of keys for you to keep track of but still provides top notch security where you need it most. Provide access for up to 99 trusted users with ability to deactivate at any time!

This lever is perfect for spaces like:

- Offices
- Public restrooms
- Gyms/ fitness rooms
- Storage closets/ supply rooms
- Multifamily common areas
- Garage access doors
- And more!

Enjoy convenient features like:

Backlit keypad buttons — For low light use

Vacation mode — Deactivate all users codes temporarily

Low battery indicator — Know when to replace batteries

Adjustable automatic relocking — Ensures door is never left unlocked
