Pros prefer universal mounting options that simplify installation and save money. See how they can do both with the Heavy Duty All-In-One Closer (BC4061) and the Universal Mounting Plate!

Scan to see how it works!

Pre-drilled holes match hole patterns of most closers in the market!

High-Quality, True Commercial Hardware for PRO's

High-Quality, True Commercial Hardware

Brinks, one of the most trusted names in security, delivers superior quality commercial door hardware and custom ordering options for professionals. We offer a breadth of door closers, Grade 2 levers & knobs, Grade 1 deadbolts and accessories that can be found in areas such as office buildings, small businesses, warehouses and more. At Brinks we take commercial hardware seriously. Our team of engineers apply their technical fortitude to develop products that exceed customer and industry expectations. Our industry experience led to innovative breakthroughs like our patented Universal Mounting Plate, which provides quick and easy door closer replacement. This allows our customers to save time and money while providing them peace of mind knowing their facilities are in good hands.

Above all, we remain focused on our customers and building long-term partnerships. Our Customer Care Team is ready to provide expert knowledge and technical support and we proudly stand behind our products with a competitive warranty.
